FIRST VIEW

imm cologne 16. – 22.01.2017

Clear notes.

Inspired by the look of sheet music, the PIN hook rail is designed for Schönbuch by Marc Venot. Its fold-down hooks are made of solid wood and painted completely in black. Their lower ends are finished with polished brass ferrules. The rail is formed from round tubing and powder-coated, like the wall fixtures, making PIN ideal for hanging scarves and umbrellas. The space-saving coat storage solution is available in two widths, with 3 or five hooks. Purist and poetic.
